

Service Letter No.1
Models Effected: Bee Dge M-4 & M-4
Serial Numbers Effected 3 thru 15

August 20, 1963

Maule Aircraft Corporation
6780 Brooklyn Road
Jackson, Michigan

Dear Customer:

1. I am sending you the following items to be installed in your aircraft and a self-addressed post card to be filled out and returned to me at the time these changes are completed. All of these changes are required by the F.A.A. and should be completed as soon as possible (these parts are at no charge to you).
2. New Weight and Balance which has loading information and graphs. This will become a part of your aircraft.
3. New baggage compartment placard to be installed on the inside of the baggage door approximately 3 inches from the top of the door and $2\frac{1}{2}$ to 3 inches from the front of the door frame (the old placard is to be removed first).
4. Baggage straps and fitting. To install these straps attach the metal fittings to the rear seat safety belt attaching bolts and drill the two tabs at the rear of the baggage compartment cut to $\frac{3}{8}$ inch (These straps are required by law and should be installed as soon as possible).

The post-card enclosed is needed to complete our inspection records on your aircraft, so please be sure to forward it to us.

Very truly yours,
MAULE AIRCRAFT CORPORATION
